With 60 years in the Fruit and Vegetables industry we have the expertise and experience to give you, our valued customer, the best and most reliable equipment economically possible

edp[®] EG-30

The **EG-30** (Returnable Plastic Container) is designed to fill up to 10 RPC's per minute. Typically you will obtain around 8 RPC's per minute, depending on the weigher's capacity and size of the product. The EG-30 is fed by an automatic weighing machine, such as the PA-25 or the PA-38, both of which weigh or count product.
